**City of Greendale
Neighborhood Association
a.k.a. Block Units
has arrived!**

Do you long for the way neighborhoods used to be when everybody knew everybody and you knew which kid belonged to whom? Do you know your neighbors on either side of you? Across the street from you? Down the street? Around the corner? Two block over?

Let's get back to the way things were "back in the day." Below you will find a listing of "areas." We have divided the city into 12 block units so that small groups of neighbors who live close to one another can work together. Please become familiar with your area and consider joining the block units. Once you have become familiar with your group, you can branch out and get to know other groups. The success of our program depends entirely upon the residents.
